17 · Catalog

17 · Catalog

ID	Parameter	Scope, condition and result
17-01	Full game name	Tower Rush
17-02	Game ID	galaxsys:tower-rush:original; activeGameId 90 in the saved demo-frame
17-03	Card provider	Galaxsys
17-04	Developer	Galaxsys
17-05	Modification	Original; Tower Rush 2 and Branded are maintained as separate products
17-06	Category	Tower/Fast Games
17-07	Brand association	The Stake card and the saved Parimatch/Betify differ
17-08	Account country	FR for the review, international storefronts separately
17-09	Visible in the catalog	Public Stake card, historical snapshots separately
17-10	Opens from the region	No lawful access to the real-money game FR
17-11	Available in demo	Official Desktop/Mobile pages of Galaxsys
17-12	Available for real money	0 approved brands on FR in the snapshot
17-13	Available in APK	Availability of the APK game for FR is recorded in control matrix APP-FR §4
17-14	Available in mobile browser	Official Mobile demo shell
17-15	Available on desktop	Official Desktop demo shell
17-16	Eligible for bonus	0% in selected welcome profiles
17-17	Eligible for tournament	Historically World Cup Series. CUP-FR-01 separate tournament profile
17-18	Number of unique games	18 unique game cards of CMP-FR; this is a comparative set, not the full casino catalog.
17-19	Number of variants	Three family entries: original, Tower Rush 2, Branded
17-20	Number of providers	8 studios in CMP-FR: 100HP Gaming, BetGames, Galaxsys, Gamzix, Pragmatic Play, SPRIBE, SmartSoft, Turbo Games.
17-21	Size of the saved selection	18 cards of CMP-FR with a separate wallet FUN for each game.
17-22	Category counter	A slice of Galaxsys from nine cards, not the full portfolio size
17-23	Number of unavailable launches	In APP-FR timeouts are visible per rows of the FUN control, all monetary FR branches are closed
17-24	Provider of the launched game	Galaxsys for the original card
17-25	Game in the provider's selection	The original is part of the official portfolio of Galaxsys
17-26	Result of the game launch	Public launcher, measured start and unavailable monetary FR mode are stored separately

18 · Search

18 · Search

ID	Parameter	Scope, condition and result
18-01	Exact title search	Tower Rush + Galaxsys, R01
18-02	Partial title search	For tower the output includes the original and the sequel; the exact version is verified separately
18-03	Provider filter	Galaxsys
18-04	Genre filter	Tower/Fast, flight-crash separately
18-05	Combination of filters	Galaxsys ∩ exact Tower Rush
18-06	Reset filter	Removing the genre filter returns the base output
18-07	Favorites	In the search episode I added the original Galaxsys to favorites, reopened the same ID and removed it. Save Game in the public Stake card is a separate reference observation.
18-08	Recently opened	In the profile a separate list of recently opened games by ID
18-09	New games	Tower Rush 2 separate release 22.10.2026
18-10	Output order	Exact match first, then partial ones in the control output
18-11	Loading the next page	The next page expands the selection without duplicates by ID
18-12	Number of actions	Three actions R01
18-13	Task completion time	The "Search" interval in APP-FR for each route
18-14	Erroneous result	Tower Rush 2 and Dragon Tower are rejected when searching for the original

19 · Game profile

19 · Game profile

ID	Parameter	Scope, condition and result
19-01	Configuration RTP	97% TR-FR-FUN and TR-FR-EUR; 96,2–97,6% in the Galaxsys card
19-02	Another available RTP	TR-FR-CMP-ALT 96,2%; published ranges are stored separately
19-03	Volatility	In the profile high variability of outcomes; sample variance of net DEMO-01 160.719379 FUN^2, SD 12.677515 FUN. Statistical variability and the official provider category by RTP are considered separately.
19-04	Field	Vertical tower, no reel field
19-05	Winning method	Successful floors multiply the current multiplier, then manual Cashout
19-06	Minimum combination	To obtain a regular Cashout a successful floor is required, there are no symbol combinations
19-07	Wild	No slot wild
19-08	Scatter	No slot scatter
19-09	Cascades	No slot cascades; Triple means three additional floors
19-10	Bonus round	Frozen, Temple, Triple refer to the floors of the base round
19-11	Bonus buy	Absent in the original
19-12	Ante mode	Absent in the original
19-13	Minimum bet	1 FUN; 0,50 EUR в TR-FR-EUR
19-14	Maximum bet	100 FUN; 50,00 EUR в TR-FR-EUR
19-15	Maximum multiplier	Determined by the bet and the monetary cap. With 50 EUR and cap 2 500 EUR the effective limit is 50×
19-16	Monetary win limit	10 000 FUN / 2 500 EUR per round in the specified profiles
19-17	Jackpot	No game jackpot
19-18	Paytable	Bet × product of floors taking into account protection, sector and cap
19-19	Autoplay	Manual Build/Cashout in the original profile

GR01 · Game identity

GR01 · Game identity

ID	Parameter	Scope, condition and result
GR01-03	Role of the named studio	Galaxsys developed and supplies the game
GR01-05	Round participation model	Individual sequential Build, one initial debit
GR01-07	Editorial game rules	Original rules from the archived page; sequel separately per the Galaxsys card
GR01-09	Criterion for distinguishing games with the same name	Name + studio + version + mode
GR01-10	Role of the primary and additional operators	Ten comparative profiles, none admitted to monetary Tower Rush FR

Identity and parameters

Tower Rush — the game Galaxsys with tower building and sequential floor placement. The provider uses the categories Fast Games, Turbo Games and Tower Games in different blocks. Tower Rush 2 and Tower Rush Branded are shown as separate titles and are not combined with the original. The number of floors is stated to be unlimited, but this does not override the monetary win limit.

Identity and parameters

Parameter	Source and value	Status
Release date	Galaxsys: 28 February 2024; SlotCatalog: 19 December 2024; Casino Guru: December 2024	Approved; dates are tied to the respective publications
RTP	Card Galaxsys 96.2–97.6%; demo rules and PDF 96.17–97%; SlotCatalog 96.12–97%; Casino Guru 97%	Approved; ranges are tied to the respective sources and configurations
Bet	Demo Galaxsys 1–100 FUN; text SlotCatalog €0.01–100; attributes SlotCatalog 0.4–400 ($/€/£); Casino Guru $0.01–100	Approved; values are tied to the text, catalog attributes and demo mode
Maximum win	Demo 10 000 FUN (in the source “10.000 Fun”); SlotCatalog €10,000 and 100x at maximum bet; Casino Guru 100x	100x refers to the profile specified in the respective card
Volatility / hit frequency	SlotCatalog; the characteristics relate to the respective game profile	Approved; volatility and frequency are treated as separate characteristics
Technology	SlotCatalog: JS, HTML5, 7.2 MB; last update 28.09.2026	Approved catalog characteristics

Distinction between games and markets

Distinction between games and markets

Platform	Confirmed information	Scope
Stake	Card of Tower Rush, provider Galaxsys, category Burst Games, RTP 97,00%; “Demo” and “Play” buttons	On the saved screen the playing field is white and empty; the launch parameters are approved in the expert base. RTP refers to this card
1w	In the catalog and demo route, Tower Rush 2 by Galaxsys is installed	This is a standalone sequel; the parameters of the original Tower Rush are accounted for separately
1xBet	The catalog, cashier, registration, rules and promotions are saved	The availability of the original Tower Rush is recorded in the expert base
4rabet	Information about the platform is included in the expert base	The platform's product terms are approved in the expert base
Russian Melbet	Russian bookmaker LLC “MELOFON”, sports and related materials	The Russian operator is accounted for separately from the international casino platform Melbet; the access conditions for Tower Rush are recorded in the expert base

On Stake, Dragon Tower is also found. This is a separate game; the description of the generation of nine levels and the materials on provably fair relate to its mechanics. The fairness mechanism of Tower Rush is recorded in the corresponding game profile. In the card of Tower Rush there is an incorrectly displayed technical caption next to RTP: the numerical payout limit is approved in the expert base.
