17 · Catalog

17 · Catalog

ID	Parameter	Scope, condition and result
17-01	Full game name	Tower Rush
17-02	Game ID	galaxsys:tower-rush:original; activeGameId 90 in the saved demo-frame
17-03	Card provider	Galaxsys
17-04	Developer	Galaxsys
17-05	Modification	Original; Tower Rush 2 and Branded are maintained as separate products
17-06	Category	Tower/Fast Games
17-07	Brand association	The Stake card and the saved Parimatch/Betify differ
17-08	Account country	FR for the review, international storefronts separately
17-09	Visible in the catalog	Public Stake card, historical snapshots separately
17-10	Opens from the region	No lawful access to the real-money game FR
17-11	Available in demo	Official Desktop/Mobile pages of Galaxsys
17-12	Available for real money	0 approved brands on FR in the snapshot
17-13	Available in APK	Availability of the APK game for FR is recorded in control matrix APP-FR §4
17-14	Available in mobile browser	Official Mobile demo shell
17-15	Available on desktop	Official Desktop demo shell
17-16	Eligible for bonus	0% in selected welcome profiles
17-17	Eligible for tournament	Historically World Cup Series. CUP-FR-01 separate tournament profile
17-18	Number of unique games	18 unique game cards of CMP-FR; this is a comparative set, not the full casino catalog.
17-19	Number of variants	Three family entries: original, Tower Rush 2, Branded
17-20	Number of providers	8 studios in CMP-FR: 100HP Gaming, BetGames, Galaxsys, Gamzix, Pragmatic Play, SPRIBE, SmartSoft, Turbo Games.
17-21	Size of the saved selection	18 cards of CMP-FR with a separate wallet FUN for each game.
17-22	Category counter	A slice of Galaxsys from nine cards, not the full portfolio size
17-23	Number of unavailable launches	In APP-FR timeouts are visible per rows of the FUN control, all monetary FR branches are closed
17-24	Provider of the launched game	Galaxsys for the original card
17-25	Game in the provider's selection	The original is part of the official portfolio of Galaxsys
17-26	Result of the game launch	Public launcher, measured start and unavailable monetary FR mode are stored separately

29 · Licenses and security

29 · Licenses and security

ID	Parameter	Scope, condition and result
29-01	Brand	Ten profiles, §4
29-02	Legal operator	Betclic Enterprises Limited for betclic.fr, Medium Rare N.V. for Stake, the rest within the scope of their own document
29-03	Company number	Stake states registration No.145353 in the public policy, historical 1Win No.147039 under CGA
29-04	License holder	Galaxsys B2B of the provider, Stake and 1Win are separate holders, Betclic Enterprises Limited under ANJ
29-05	Licensing jurisdiction	Malta B2B, Curaçao for the cited B2C records, France for categories Betclic
29-06	License number	MGA/B2B/592/2018, OGL/2024/1451/0918, OGL/2024/587/0621 in different areas
29-07	Permission type	Software supply, B2C or French category permission
29-08	Status	Details by sources §1/§2/§4. The monetary Tower Rush FR has no admission
29-09	Covered domain	betclic.fr at ANJ; 1win.pro historically linked to CGA; stake.com under Stake rules
29-10	Territorial restriction	French online casino not permitted; Stake separately includes France in the exclusion list
29-11	Email confirmation	Separate link in email registration
29-12	SMS protection	Only for phone and SMS-requiring branches
29-13	Re-authentication	Before a critical action or after revocation of a previous session
29-14	Document request	ID check before an outgoing operation or earlier by profile
29-15	Account restriction	FR branch closed until monetary game Tower Rush is opened
29-16	Self-exclusion	Self-exclusion at the operator is separate from the ANJ ban
29-17	Time limit	Session window 20 min / 16 active minutes in §3
29-18	Deposit limit	Profile cashier limit separate from the user limit; Betclic §1.3.3 permits the selected limit
29-19	Limit change	In R14 a limit decrease takes effect immediately, an increase after 48 h from confirmation; the existing reserve is retained. This is a rule of the specific reporting episode.
29-20	Registration method	email or phone + SMS per the cards in §4
29-21	Mandatory registration fields	Login identifier, 18+, mandatory terms. Betclic — separate data in CGU
29-22	Optional registration fields	Marketing consent separate
29-23	Phone confirmation at registration	For the phone route SMS
29-24	Email confirmation at registration	For the email route, a link

29 · Licenses and security

ID	Parameter	Scope, condition and result
29-25	Documents at registration	ID at early KYC, otherwise at the relevant stage
29-26	First login method	Login after contact confirmation
29-27	Re-login method	Saved session or re-verification
29-28	Confirmation at top-up	Separate payment confirmation
29-29	Documents at first top-up	Additional documents if the owner does not match, per route conditions
29-30	Documents at first withdrawal	Named account and KYC before the first ordinary withdrawal. Betclic requires IBAN/RIB
29-31	Documents at repeat withdrawal	Again upon change of details or risk check
29-32	Types of documents requested	ID, named RIB/IBAN, upon a separate request confirmation of the method
29-33	Reason for repeat request KYC	Change of data or mismatch of details
29-34	KYC verification time	Start, end and duration of KYC are stated in each ACC-FR. KYC was completed before the withdrawal request and is not added again to the request→send interval.
29-35	KYC verification result	Admission only after acceptance of KYC; the FR Tower Rush cashier is closed
29-36	Access recovery channel	The account's original contact, R05
29-37	Recovery code validity	8 min in the profile
29-38	Change of email or phone	Confirmation of the old channel or contacting support with a separate check
29-39	Password change and session termination	Revocation of previous sessions without changing the ledger
29-40	Account closure and reopening	Closure revokes sessions, resumption depends on the rules. Self-exclusion is handled separately
29-41	URL and validator status date	The ANJ register and the CGA entry are given in §1/§4, snapshot 10.11.2026
29-42	Scope of domain coverage by the licence	Boundaries coincide with the stated domains/products. A subdomain and mirrors do not automatically inherit the conclusion
29-43	Regulator contact	ANJ register and mediation, §1/§6; CGA via the link in §4
29-44	Permission issue and expiry date	For the historical 1Win, start 26.03.2025. Other dates belong to specific regulator entries

GR25 · Verifiable claims

GR25 · Verifiable claims

ID	Parameter	Scope, condition and result
GR25-01	Claim being compared	Claim about repeatability of the result from a winning video
GR25-02	Object of the claim being verified	Original Galaxsys and specific scenario §3
GR25-03	Data available before the bet	Grid, cap, rules, buttons and accepted mode
GR25-04	Data available after settlement	ID, outcome, multipliers, gross, balance and state
GR25-05	Boundary between client and server action	The client initiates, the server records the settlement
GR25-06	Sign of product mismatch	Tower Rush 2 or Dragon Tower substitute the product; a different config or mode changes the calculation
GR25-07	Calculation of selecting successful demonstrations	1 selected success out of 20 independent trials, probability of at least one 87,8423%
GR25-08	Number of remaining branches or recipients	One published attempt, the other 19 outside the frame
