Intersections, scoring and comparison boundaries

Set A: Tower Rush, Tower Rush 2, Maestro, Crasher, Rocketon, Chicken Crash, Limbo Crash, Cash Show, Starlight. Set B: Tower Rush, Tower Rush 2, Pilot, Aviator, Skyward, JetX, Spaceman, Aero, Astronaut. These are two named selections within the full comparison; the other two cards of the full set are not part of A or B.

Catalog Galaxsys in the slice: 9 titles. Comparison route: 9. Matches — Tower Rush, Tower Rush 2. Union 16, Jaccard 2/16 = 12.5000%. The original and the sequel have different keys. In the full game comparison, 18 unique entries, of which 10 belong to Galaxsys.

The FR-DOC-1 methodology evaluates documentary parameters, scale 0–100. Weight of identity and market 30, public card of the original game 25, payment and offer rules 20, information on mobile channels 15, handling mechanism 10. For each criterion, a score of 0, 0,5 or 1. Criteria scored 0 retain their weight, so nominal and effective weights are identical. The French Tower Rush authorization is a separate mandatory filter. Even a high documentation score does not lift the exclusion.

Intersections, scoring and comparison boundaries

MyStake	1	0	1	0	1	60.0	Excluded

Betify	0.5	0.5	1	0.5	1	65.0	Excluded
Betclic	1	0	1	1	1	75.0	Excluded

Stake receives full marks for the public exact card, while its own rules exclude France. Betclic receives full marks for the public cashier and mobile channels of permitted products. The archived cards of Parimatch and Betify receive half marks for game identification, because the access scope and current live launch differ from confirmation of the card itself.
